

Dear All,

Please refer to the following draft, which has slight change in faculty advisors.

COEP Tech team TLDR comprising of the students of Third Year Computer Engineering has **won first prize at Smart India Hackathon (SIH) 2022**. The grand finale was held at the nodal centre at Vaageswari College of Engineering, Karimnagar, Telangana during 25th and 26th August 2022.

The team worked on the problem statement “**Automated Notes Maker from Audio Recordings**” under the theme of **Smart Automation**, organized by **Ministry of Electronics and Information Technology (MEITY)**.

Students have also taken the said problem statement further by transforming the Multimodal Content Summarization tool into a product. **This product can be used to generate summary reports/notes of lecture videos, workshops, seminars, podcasts, etc.**

Following are the student members of the team

1. Jinit Sanghvi (Team Leader)
2. Simran Kucheria
3. Shruti Susan Mathews
4. Vishwajit Kadam
5. Ritik Naik
6. Siddhesh Mehta

Faculty Mentors: Dr. (Mrs.) Y. V Haribhakta & Dr. Sunil Mane
