POST GRADUATE PROGRAMMES 2012-2013

1 GENERAL INFORMATION

College of Engineering Pune, an Autonomous Institute of Government of Maharashtra, (henceforth abbreviated as COEP), was established in the year 1854 and is one of the oldest and premier engineering colleges in the country. It was started as the 'Poona Engineering Class and Mechanical School' to train subordinate officers for carrying out public works like buildings, dams, canals, bridges etc. Later on, the school became Poona Civil Engineering College and subsequently the name was changed to 'Government College of Engineering, Pune'. From the academic year 2003-2004, the Institute has got Autonomous status and since then it progressed in leaps and bounds towards its vision of becoming one of the leading institutes in the country. It offers **twenty two** postgraduate programmes leading to M.Tech. in following disciplines (Table 1). It has applied for 2 new post graduate programmes to All India Council for Technical Education (AICTE). All Master's Programmes are full time courses of 2 years duration. All UG programmes and 17 PG programmes offered by the institute are accredited by the NBA.

- 1.1 These rules shall apply for admission to **full time M.Tech. Postgraduate programmes** in College of Engineering, Pune.
- 1.2 Structure, syllabus, examination scheme and duration of these programmes shall be as prescribed by this Institute.
- 1.3 **Valid GATE Score** means it must satisfy **two conditions**: One is **valid time period** and **qualifying marks**. Both of these conditions should be satisfied to apply for admission to M.E. / M.Tech. The **Qualifying Score** is the minimum mark that needs to be secured **to become eligible for availing assistantships** provided by AICTE/MHRD/GOI from time to time.
- 1.4 Intake to each of the programme is indicated in Table 1.1.

* Institute has approval from the AICTE for these programmes [M.Tech. (Civil) **Project Management** and M.Tech. (Production) **Project Management**] (12 and 13 in Table 1.1) from 2012-13. **These are self financed programmes** and will be run by COEP in collaboration with University of Calgary, CANADA and the degree will be awarded by University of Calgary.

Automotive Technology programme (11 in Table 1.1) is **self financed programme**. It is run by COEP in collaboration with **Automotive Research**

Association of India, Pune (ARAI) and University of Alabama at Birmingham, School of Engineering, USA.

\$ Mechatronics programme (10.a in Table 1.1) is an interdisciplinary programme run by **6 departments** of COEP. Students from 6 different disciplines are admitted to this programme **making it truly multidisciplinary programme.**

1.5 In addition to this intake, there are **Two** seats per programme for **Foreign Nationals & Persons of Indian Origin (PIO)** on supernumerary basis. This is subject to the availability of infrastructure facilities in the departments. These supernumerary seats are exclusively meant for the foreign students, in the postgraduate programmes with a rider that under no circumstances seats remaining unfilled shall be allocated to any one other than a Foreign National/PIO. Foreign National /PIO admitted through Indian Council for Cultural Relations or as Govt. of India nominee will be part of these extra seats. Foreign national students need to submit the copies of the transcript along with the application form. Such students should have completed 4 years of undergraduate program. Respective department will check the suitability of the candidate for particular PG course, based on the courses studied by the candidate at undergraduate level. Further, such candidates will have to appear for the technical interview on 4 July 2012 in the respective department.

1.6 The candidates are required to pay the total fee at the time of admission. The fee shall be strictly paid in the form of **Demand Draft** in favor of **“The Director, College of Engineering Pune”** payable at **Pune**. In case the candidate gets a grant from respective state government, tuition fee will be refunded.

1.7 Candidate should submit **SEPARATE** application forms, duly filled, for each **distinct degree** [Institute offers 10 PG degrees and 22 PG programmes]. The form applied for admission to one degree **will not be considered** for admission to any other degree. Thus, if a candidate wishes to apply for M.Tech. Electronics as well as M.Tech. Electronics and Telecommunication, two separate forms need to be submitted. In such case, candidate has to submit multiple forms on line, and **attach separate Demand Drafts** of required amount with hard copies of application forms.

However, candidate applying for **two or more specializations under one discipline** needs to fill **only one form** with one **Demand Draft**. For example, the candidate applying for M.Tech. Electrical [Power Systems] and M.Tech. Electrical [Control Systems] needs to fill only one application form. However, candidate should indicate the choice or preference of specialization.

1.8 A candidate has to submit at the time of admission following documents:

- i. Original GATE Scorecard,
- ii. B.E./ B.Tech. final year Mark sheet, &
- iii. Original College leaving certificate.

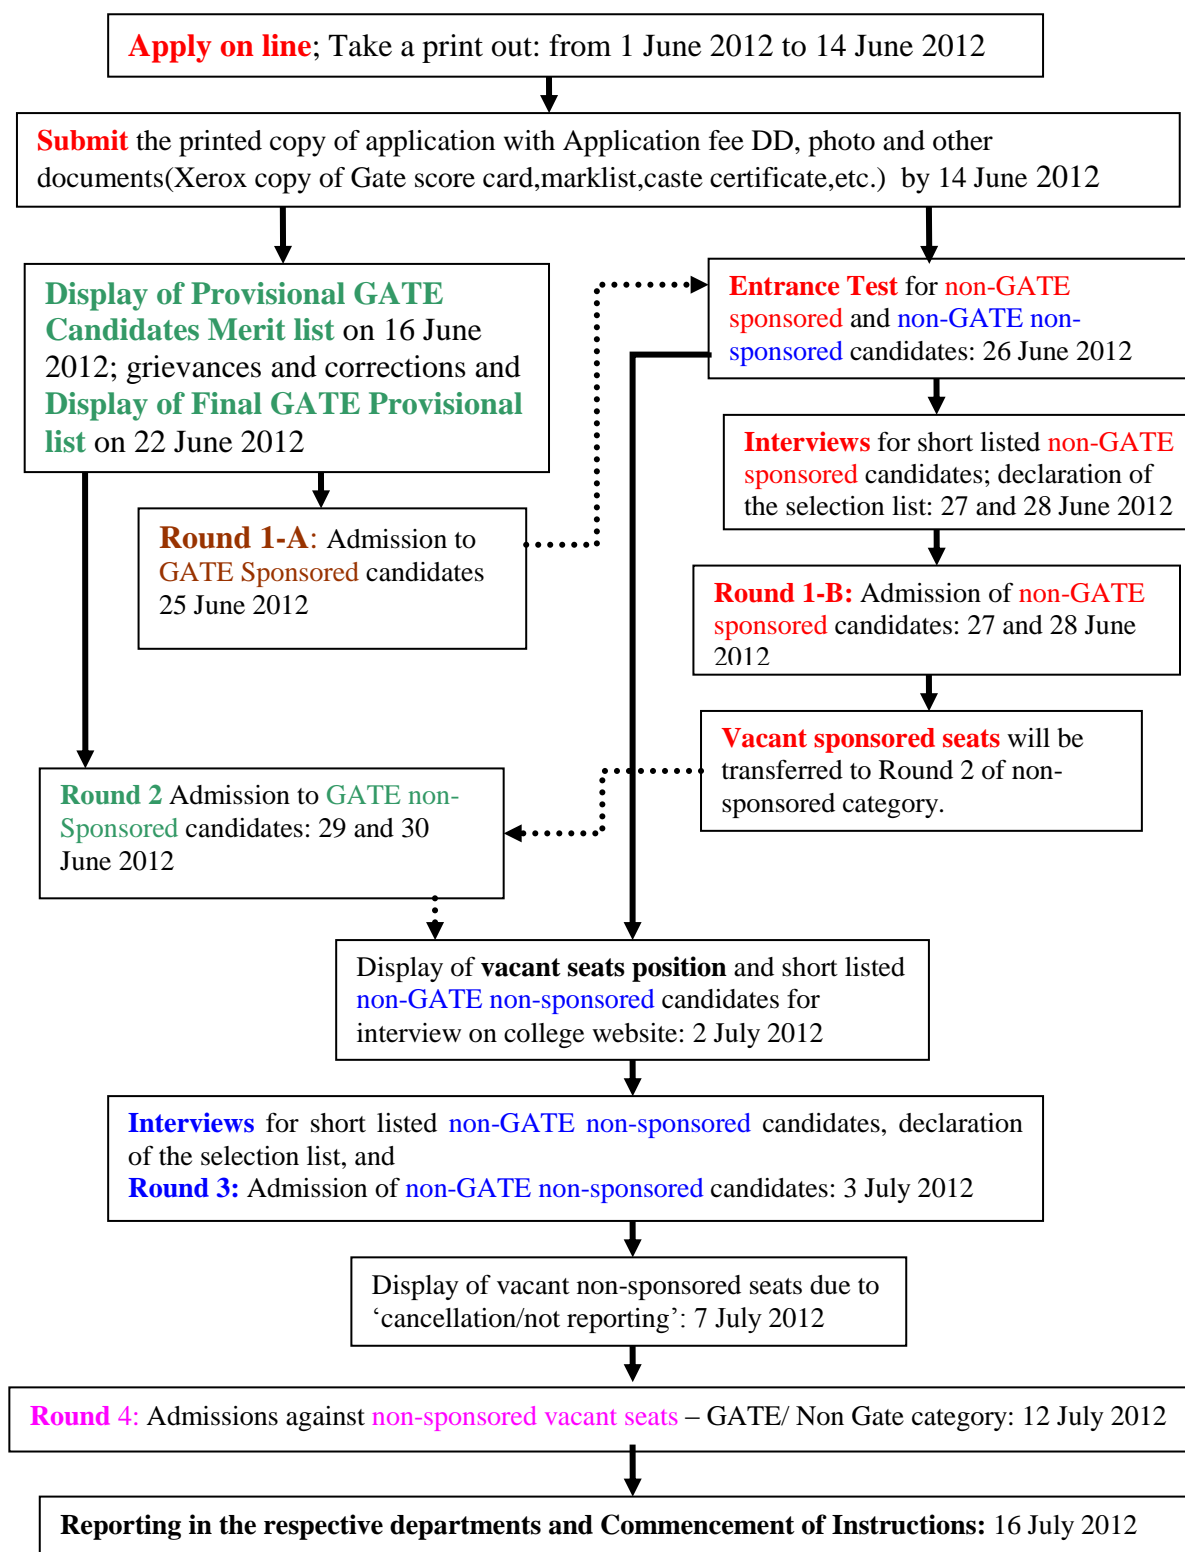

For some reasons, if a candidate does not submit these documents at the time of admission; he/she will have to give an undertaking stating that he/she will submit the documents within FOUR days, failing which admission stands cancelled automatically and seat allotted to waitlisted candidates.

- 1.9 “M.Tech. Automotive Technology” programme is conducted by Department of Mechanical Engineering, College of Engineering Pune **on self financing basis**. The programme is offered in collaboration with Automotive Research Association of India, Pune (ARAI) and University of Alabama at Birmingham, School of Engineering, USA. This two year programme is designed to provide students state of the art knowledge in Automotive Technology. **It is proposed to admit candidates on the basis of ‘Total Performance’ in GATE Score, COEP Written Test and Interview (with 35%, 35% and 30% weightage respectively) on approval from competitive authority.** The ARAI is a well known name in automotive industry which provides technical expertise in R&D, testing, certification, and framing of vehicle regulations. University of Alabama, USA, (UAB) is a public institution of higher learning in the state of Alabama, USA. The course work at Pune will be conducted by COEP and ARAI. All the admitted students would undergo two-semester course work at COEP and ARAI Pune. After successful completion of first two semesters, interested students, maximum of 18, can go to University of Alabama at Birmingham, USA for completing remaining two semesters. Fee for these students will be as prescribed by University of Alabama at Birmingham, USA. The remaining students will complete the last two semesters in COEP, Pune.
- 1.10 “M.Tech. Project Management” programme will be started by two departments -Department of Civil Engineering and Department of Production Engineering, College of Engineering Pune **on self financing basis**. The programmes will be offered in collaboration with University of Calgary, Canada. **The degree will be awarded by University of Calgary.** After admission to the programme, students will appear for 10 courses, of which 8 courses will be conducted in College of Engineering, Pune. These 8 courses will be taught by the faculty from University of Calgary and College of Engineering, Pune. Remaining 2 courses will be taught in 2 months stay in University of Calgary, Canada with mutual convenience. The expenditure of travel and 2 months stay in University of Calgary, Canada will be borne by the student. Candidate must have CGPA 7.5 and above at the B.E./B.Tech level and must have passed TOEFL examination with good score. **This course does not require GATE score.** Scrutiny of applications and admission process will be conducted jointly by University of Calgary and College of Engineering, Pune. **Fee for these programmes will be approximately Rs.8 lacs excluding the expenditure of travel and 2 months stay in University of Calgary, Canada.**
- 1.11 “M.Tech Mechatronics” programme is started by Department of Production Engineering, COEP in collaboration with other five departments. It is truly an interdisciplinary program.
