

Inauguration of Team Nemesis Racing's BAJA Vehicle

Team Nemesis Racing unveiled its creation for BAJA SAE season 2015 on 15th February 2015 in the college premises. The event was attended by dignitaries from Force Motors who are the title sponsors of the team and Ansys Inc. who are the Co-sponsors. The Vehicle 'MK – IX', which is Team Nemesis Racing's latest creation is also its finest so far. The inauguration began at 6:30 pm with the general introduction, presentations and speeches from the dignitaries, faculty and the team captain. The entire making of 'MK-IX' was explained in the presentation given by the team captain. "This is the lightest and the strongest vehicle which has ever been made by the team and they are all geared up for the upcoming events in Indore and also in USA, Maryland." said Suraj Aru, team captain. Dr. Murli, head of Ansys.Inc, spoke highly of the team and inspired them for the upcoming events with his encouraging words while wishing them luck. The faculty advisor of the team Dr. Malkhede spoke of the team achievements so far and also praised the team student's efforts. The director of the college, Dr. Anil Sahasrabudhe was optimistic about the team's performance in the upcoming events and wished them luck for the same. The team's alumni were also present for the event. Gaurav Mehta, the former captain and driver shared his thoughts about the team's progress and how it has grown over the years to what it is now and wished them luck. The past achievements and memories of the team were highlighted from the display of pictures on the board and the trophies in the arena. After the general presentations, the countdown for the most awaited car unveiling began, at the end of which the car tore through the frame and maneuvered onto the rocks. The car stood in all its glory adorned in the team's colors blue, silver and black and the audience's response showed it was a visual masterpiece. Dr. Malkhede then performed the traditional ritual of breaking the coconut in front of the vehicle. The event ended with the display of the car and the photography of the same. The event was a success and the car certainly made a lasting impression on the minds of everyone present.
