12. Grading System

- (a) The Institute shall follow the award of letter grades and the corresponding grade points to the students based on their performance at the end of every semester, as given in Table 3.

Table 3: Letter Grades and Grade Points

Grade	Grade Points
AA	10
AB	9
BB	8
BC	7
CC	6
CD	5
DD	4
FF	0
PP (Only for MLC Courses)	0
AU (Audit Course)	0
NP (Only for MLC Courses)	Not Passed

- (b) In addition to the grades given in Table 3, the instructors shall use a transitional grade 'I' as described in Clause (h) here.
- (c) A student is considered to have completed a course successfully and earned the credits if the student secures a letter grade other than Grade 'I' or Grade 'FF' in that course. Letter grade 'FF' in any course implies failure in that course.
- (d) A *Semester Grade Point Average* (SGPA) shall be computed for all the students in a Department for each semester, as follows:

$$SGPA = \frac{(C_1 * G_1 + C_2 * G_2 + C_3 * G_3 + \dots + C_n * G_n)}{(C_1 + C_2 + C_3 + \dots + C_n)}$$

where, n is the number of courses registered during the semester, C_j is the number of credits allotted to a particular course and G_j is the grade points

corresponding to the grade awarded to the student for the course.

- (e) A *Cumulative Grade Point Average* (CGPA) shall be computed for all the students in a Department at the end of each semester by taking into consideration their performance in the present and the past semesters as follows:

$$CGPA = \frac{(C_1 * G_1 + C_2 * G_2 + C_3 * G_3 + \dots + C_m * G_m)}{(C_1 + C_2 + C_3 + \dots + C_m)}$$

where m is the number of courses registered up to that semester, C_j is the number of credits allotted to a particular course and G_j is the grade points corresponding to the grade awarded to the student for the course.

- (f) Whenever, a student repeats or substitutes a course in any semester, the lower of the two grades obtained by him/her in the course shall be ignored in the computation of CGPA from that semester onwards and the students shall be given the benefit of a higher grade.
- (g) Both the SGPA and CGPA shall be rounded off to the second place of decimal and recorded as such for ease of presentation. Whenever the CGPAs are to be used for the purpose of determining the merit ranking in a group of students, only the rounded off values shall be made use of.
- (h) The transitional grade 'I' shall be awarded in two cases:
- I. If a student has satisfactory attendance in the classes, have satisfactory performance in all components of the Continuous In-semester Evaluations (minimum 30% in T1 and T2, put together), but absent in End Semester Examinations due to convincing genuine reasons (as explained in clause (r) in Section 13).
 - II. Not having sufficient progress to submit the project work (as explained in clause (w) in Section 13).
- (i) When a student gains the grade 'I' for any course during a semester, the SGPA for that semester and the CGPA at the end of that semester shall be tentatively calculated ignoring the 'I' graded course(s). The SGPA and CGPA for that semester shall be finally recalculated after conversion of grade 'I' to the appropriate grade as obtained after passing the respective course(s).
- (i) Other academic requirements for the Programme include the following two grades as viz., PP (Passed) and NP (Not Passed) for MLC courses. However, there shall be no grade points associated with these grades and

they shall not figure in the calculation of SGPA or CGPA. But, obtaining a PP shall be a mandatory requirement to qualify for the UG Degree award.

- (j) It shall be open to each student to take additional courses for audit from the fifth semester onwards, with the concurrence of the Faculty Advisor. Students having CGPA ≥ 7.5 and acquiring all the stipulated previous credits shall be normally encouraged to take such courses. While the performance of the student in audited courses shall be included in the Semester Grade Report, they do not contribute to SGPA or CGPA of the concerned student.
- (k) It shall be open to each student to take additional courses leading to Honors/Minors certification from the fifth semester onwards. Students with no backlogs in the previous semesters and having CGPA ≥ 6.5 shall be normally encouraged to take such courses. While the performance of the student in Honors/Minors courses shall be included in a separate Certificate and they do not contribute to SGPA or CGPA of the concerned student.

13. Performance Assessment

- (a) There shall be an assessment evaluation of all the students attending a course, like a lecture course, Laboratory/Tutorial/Design/Drawing/Studio course or a combination of the above (known as Integrated course). This evaluation shall be done in two parts, as follows, both of them being important in assessing the students' performance and achievement in the particular course:
 - I. **Continuous In-semester Evaluation (CIE):** normally conducted by the course Instructor all through the semester. This shall include mid-term tests: Test 1/Test 2, weekly/fortnightly class tests including surprise tests, homework assignments, flip class discussions, problem solving, group discussions, quiz, seminar, mini-project and other means. The course Instructor shall declare the detailed examination/evaluation scheme for conducting the various segments of CIE and their weightages at the beginning of the semester.
 - II. **End Semester Examination (ESE):** conducted by the course Instructor, preferably jointly with an external examiner; this shall include

- a written examination for theory courses and practical/design/drawing examination with built-in oral part for laboratory/ design/drawing courses.
- (b) The Institute shall maintain a high standard in both CIE and ESE and ensure the declaration of final results of the courses attended by a student in a semester before the end of the semester as per the Academic Calendar.
- (c) CIE and ESE shall have 40:60 weightage. Performance of a student in a course shall be judged by taking into account the results of CIE and ESE together.
- (d) While the conduction of CIE for a course shall be the responsibility of the Course Instructor and the Department concerned, ESE shall be organized centrally by the Examination Cell of the Institute. The records of both CIE and ESE shall be maintained by the Examination Cell.
- (e) Question Papers: For being able to conduct achievement testing of the students in an effective manner, good question paper shall be used as the principal tool, making it necessary for the question papers at CIE and ESE to:
- i. Cover the sections of the course syllabus uniformly;
 - ii. Be unambiguous and free from any defects/errors;
 - iii. Emphasize knowledge testing, problem solving and quantitative methods;
 - iv. Contain adequate data/ other information on the problems assigned;
 - v. Have clear and complete instructions to the students.
 - vi. Be set taking into consideration Bloom's Taxonomy and align the questions to one or more Course outcomes (COs) as per the philosophy of Outcome Based Education (OBE).
- (f) There shall be two types of questions to be set by the course Instructor for the question paper at both CIE and ESE, viz.,
- i. **Multiple Choice Questions**, having each question to be answered by tick marking the correct answer from the choices (commonly four) given against it. Such a question paper shall be useful in the testing of knowledge, skills, comprehension, application, analysis, synthesis, evaluation and understanding of the students. Usually, no more than 15 - 20% of the questions in a paper for CIE or ESE shall be of this type.

- ii. **Comprehension Questions**, having all questions of the regular type to be answered in detail. Such a question paper shall be useful in the testing of overall achievement and maturity of the students in a course, through long answer questions relating to theoretical/practical knowledge, derivations, problem solving and quantitative evaluation.
 - iii. The guidelines mentioned in above 'i' and 'ii' are indicative of minimum standards of evaluation. However, the Instructors are encouraged to follow innovative schemes of evaluating the students for CIE, after its intimation to the students well in advance.
- (g) CIE shall be conducted exclusively by the course Instructor, who shall spell out the components of CIE in advance, maintain transparency in its operation and declare the evaluation results in time as notified in the Academic Calendar. The course Instructor shall also show the assessed answer scripts to the students before submission of the final marks to the Controller of Examinations. The course Instructor shall also solve the questions asked in the tests at the tutorial sessions for the benefit of weak students.
- (h) For a MOOC course, the performance assessment shall be conducted by either the Course Instructor or by the MOOC platform and an equivalent grading pattern shall be followed inline with the Institute norms.
- (i) Attendance for all examinations, both CIE and ESE of each course shall be compulsory for the students. Absence in any CIE tests shall automatically lead to awarding zero marks for the respective test. Absence in ESE [except in case of 12(h) (i)/(ii)] shall automatically lead to the award of grade FF in that course. Such students shall not be eligible for Re-examination of failed courses. (Also refer clause (s) in Section 13.)
- (j) Students having the following deficiencies shall not be permitted to attend the ESE/Re-Examination/Summer Term:
- I. Disciplinary action by the Institute pending against him/her;
 - II. Failure to meet the standards of attendance prescribed;
- (k) The question papers, particularly at ESE, shall be set covering the entire syllabus and the students shall be given an opportunity to answer questions from the full syllabus of the course by restricting their choice out of each unit in the syllabus. For this to be realized, the course syllabi shall be well drafted,

be defect-free and properly unitized (or modularized) to enable the distribution of questions in the question papers to cover the whole syllabus. These aspects shall have to be taken into account, in particular, by the DUPC of the concerned department. The ESE question paper should not have more than 20% choice.

- (l) ESE shall be preferably conducted jointly by the course Instructor and an external examiner appointed for this purpose by the Institute. In this case, considering the tight time schedule for the various tasks connected with ESE, the external examiner shall be associated with the course Instructor only in the setting of the question paper or conducting the oral examinations.
- (m) The answer scripts of ESE shall be evaluated by the Course Instructor/External Examiner as may be the case. The course Instructor shall also show the assessed answer scripts to the students before submission of the final marks to the Controller of Examinations.
- (n) A student must score a minimum of 30% in CIE (both T1 and T2 put together) and 30% in ESE to be eligible to get a letter grade other than FF. However, the passing standard/threshold for each of the courses shall be minimum 30 marks from the CIE and ESE scores taken together. For relative grading, the minimum total final passing score of marks may vary from course to course, but in extreme cases, the minimum may be limited to 30 marks.
- (o) The concerned course Instructor shall also be responsible to award letter grades and to submit the final results of the course to the Controller of Examinations through the Head of the Department before the last date as notified in the Academic Calendar.
- (p) In the case of other requirements, such as seminar, comprehensive viva-voce, MLC, the assessment shall be made as determined by the Grade Awarding Authority of the Institute.
- (q) A student who is detained in a course shall be receiving FF grade with an asterisk (*) mark indicating that he/she was detained in the specific course.
- (r) The Transitional Grade 'I' shall be awarded by the course Instructor for a course(s), if a student has satisfactory attendance at the classes and performance in other CIE components of assessment (sum of marks obtained for Test1 and Test2 is greater than or equal to 30%, put together), but, absence in ESE in a semester for valid and convincing reasons acceptable to the

Department.

- (s) Exemptions in the case of a student being absent in CIE tests or End Semester Examinations shall be permitted by ensuring the gravity and genuineness of each case.
- I. The genuine reasons to be absent in CIE tests or ESE shall include:
 - i. A student having ill health or other emergency medical reasons which disables him/her from appearing at the examination;
 - ii. A calamity in the family (Death of a parent or sibling, a serious illness involving a serious heart, brain or kidney disease, any kind of cancer, or a major operation of a parent) at the time of the examination, which required the student to be away from the Institute;
 - iii. Representing Institute in University/ State/ National/ International competitions of repute;
 - II. The following are not adequate reasons to be absent in CIE and ESE:

Later, a hard copy application has to be submitted to the Faculty Advisor within 7 days of the scheduled CIE test/ESE. Applications received after this period shall not be entertained. In the case of a student representing the institute at the national level competition, prior permission has also to be taken from Dean Student Affairs. In the case of medical reasons, a student shall be required to submit the relevant proofs (Prescription and medical certificate from the Registered Medical Practitioner, Medicine purchase bill etc.). In the case of Family calamity, the application must be duly signed by the parent. A committee comprising of Faculty Advisor, HoD and Dean Academics shall decide whether to permit for re-test/re-examination based on the gravity and genuineness of each case.
 - IV. A student shall be permitted for Re-test for either Test 1 or for Test 2,

not for both. The Course instructor shall decide to give a Re-test or an assignment for the missed CIE within 10 days of the scheduled CIE tests.

- V. A student who was absent in ESE and awarded 'I' Grade for such course(s) after receiving permission to attend Re-examination, the student shall be awarded the grade as gained in the Re-examination and the new SGPA is re-calculated based on the gained grade in the Re-examination.
- (t) In order to express course-wise learning experience of a student, the Institute announces the participation of each student in academic feedback twice during every semester. The two feedbacks are known by the "Mid-Semester Student's Feedback" and the "End Semester Student's Feedback" and their schedule shall be announced in the Academic Calendar. It is mandatory for every student to give both feedbacks each semester.
- (u) The hall tickets for examinations practised at the institute assure the students for which examinations of which courses they shall be eligible to appear for. It is mandatory for a student to present the Hall ticket for Test 1 and Test 2 of CIE tests and the End Semester Examinations.
- (v) The students shall be allotted the hall tickets only if they have given the Mid-Semester Student's Feedback before the Test 2 and End Semester Student's Feedback before the ESE.

- X. On successful completion of the Project Presentation Examination, the student shall be required to submit two bound copies of the final, corrected project report, one being for the Department and the other for the Project Supervisor. In the case of Scheme B, the project report shall be endorsed by both the supervisors from the department as well as Industry/ Research Organization/Higher Academia. Also, the project report shall include a certificate endorsed by the Industry/ Research Organization/Higher Academia.
- XI. A student desirous of extension of time, up to a maximum of 3 months (i.e. upto 31st August) from the prescribed date for submission of the project report, shall seek permission for the same from the Project Supervisor and Head of the Department. The DUPC shall consider such requests, case by case, before giving permission.

- (a) The course Instructor shall award the letter grades to the registered courses for all students based on the marks secured by them in both CIE and ESE together. This shall be done by following a relative grading system based on the use of statistics. The Head of the Department convene a DUPC meeting for preliminary scrutiny and moderation (if necessary) at the Department level and approve the grading.
- (b) The course Instructor shall submit two copies of the result sheets for each course, giving both the marks and the grades awarded to the Head of the Department, before the due date specified in the Academic Calendar. This shall be forwarded to the Controller of Examinations soon thereafter by the Head of the Department.
- (c) All the evaluated answer scripts of CIE in a course shall be returned to the students from time to time during the semester. However, the answer scripts of ESE shall only be shown to the students during the specified period after the evaluation. The Course Instructor shall submit the detailed results sheets together with ESE answer scripts and any other relevant courses connected with ESE to the Controller of Examinations who shall hold it for a period of at least one semester. Steps shall be taken to destroy the same only after obtaining permission from the Dean Academics at the end of the prescribed period.
- (d) A student shall be given an opportunity to appeal to the Director about a course Instructor for awarding lower grade in a course than the expected grade. The appeal shall be made with an application before the commencement of the next semester upon payment of prescribed fees. In such a case, the concerned DUPC Chairman shall form a committee comprising of the course Instructor, another course expert of the same course from the Institute and the Head of the Department and arrange a meeting of the aggrieved student with the committee. The committee shall review the previous evaluation, show the answer script and the performance to the student. If the student is satisfied, the matter shall be closed at this stage. On the other hand,

if a revision of marks allotted is called for, the same shall be carried out and all the records, including the Semester Grade Report, shall be corrected soon thereafter. In the latter case, the prescribed fee paid by the student shall be returned.

- (e) Withholding of Grades: The grades of a student in a semester shall be withheld and not declared if the student fails to pay the dues to the Institute or has disciplinary action pending against him/her.

16. Re-Examination

- (a) ESE of the main semester shall be conducted for a course once in a semester. But to give an opportunity for students who appeared for ESE, but failed, the re-examination (ONLY for 60 marks equivalent to ESE) shall be conducted after every semester, for the theory courses only offered in that semester.
- (b) The Re-examination shall be held as per dates notified in the Academic Calendar.
- (c) Re-Examination facility shall also be extended to students who may have missed the ESE of one or more courses in a semester for valid reasons and was already awarded the grade 'I'.
- (d) Students intending to avail this facility shall have to register for the courses by paying the prescribed fees within the stipulated time as notified in the Academic Calendar. A student can appear for the re-examination of all the failed theory courses of that semester.
- (e) The students, who have dropped the course(s) or have been detained for any reason in the course(s), shall NOT be allowed to take the Re-examination of the respective course(s). For any even semester of the first year B. Tech/B. Planning courses, the re-examination of such courses may be synchronized with the ESE of the Summer Term.
- (f) For taking Re-examinations of a regular course, the students need not have to attend the lectures in that course once again. For final grading, Test 1, Test 2 scores and grading scheme of the respective semester shall be used.
- (g) For any Integrated Course (where theory and laboratory are combined into a single course), Re-Examination shall be conducted only for the ESE component of the theory in the respective semester. Existing CIE components of the Examination scheme of theory and all the components of Laboratory

shall be used for final grading.

- (h) In the case of a failed MOOC course, where the examination is taken by the MOOC platform, the Re-examination shall be conducted at the Institute. However, the similar grading yardstick of course originally conducted in MOOC platform shall be considered for the grade award.
- (i) The standard of conducting the Re-examination shall be the same as the normal ESE of the main semester.
- (j) The grade range used for the course shall be the same as that of ESE of the main semester. After conduction and evaluation of Re-Examination, the course Instructor shall award the appropriate grade to the student for the concerned course.
- (k) Re-Examination facility ensures that the students have one more opportunity to clear a course in the same semester. But, the grading in Re-examination shall be one grade less compared to what the student would have obtained based on main ESE relative/absolute grading pattern, subject to a minimum grade of DD. For example, if a student secures AB grade in Re-examination of a particular course, the students' final result after Re-examination will be declared in BB grade in that course. However, if a student secures DD grade in Re-examination of a particular course, the students' final result after Re-examination will be declared and retained in DD grade in that course and not downgraded to FF. For those students with an "I" grade and who take re-examination, "One Grade Less" policy will not be applicable.
- (l) After Re-examination, the course Instructor shall communicate the marks obtained in ESE, actual grades secured and grades (one grade less) to be declared as a final result after Re-examination, of each student to the Controller of Examinations (through Head of the Department) within the notified date in the Academic Calendar.
- (m) Any outstanding Grade 'I' after the declaration of results of the Re-Examination shall be automatically converted into grade FF.
- (n) Thereafter, a student shall have to re-register for all the failed courses at any further semester when they are offered again. Whenever the structure of the curriculum changes and in case of non-availability of the failed subject(s) for re-registration, the equivalent course(s) in the new structure shall be decided by the respective BoS (DUPC).

17. Summer Term (Supplementary Semester)

- (a) Departments shall have the flexibility to conduct Summer Term during the summer for the backlog courses of the First Year B. Tech/B. Planning as per the Academic Calendar.
- (b) The Summer Term shall be utilized primarily to facilitate the failed students to attend the First Year courses in which they have failed and not for launching any new courses for gaining credit.
- (c) A Special Summer Term shall be offered to the Final Year students, those who are remaining with only less than or equal to 12 credits to complete the prescribed UG Degree requirements in the current Academic Year. The offering of a summer term for the Courses of Second Year or Third Year is optional.
- (d) The academic activity in the Summer Term shall be at double the rate as compared to the main semester; e.g., 1 credit of course work shall require two hours/week in the classroom, so that the contact hours are maintained the same as in the main semester. It shall also be necessary to fulfil the requirements of CIE and ESE for all the courses like in the main semester.
- (e) Courses planned for the Summer Term shall be announced by the Dean Academics in each year, well before the conclusion of the even semester. Students intending to avail of this facility shall have to register for the courses offered by paying the prescribed fees within the stipulated time. A student shall be allowed to register for a maximum of three courses in a Summer Term.
- (f) It shall be the responsibility of the Department to plan in advance the faculty and non-teaching staff requirements to conduct the Summer Term and take necessary steps including the institutional approvals for organizing the same.
- (g) A student who is either dropped or detained in a course during the main semester is not allowed to register for that course in summer.
- (h) A separate Semester Grade Report shall be issued reflecting the gained grades for the courses appeared for the Summer Term.

18. Change of Programme

- (a) Change of Programme shall be permissible for a limited number of special cases in the third semester.
- (b) Only those students who have completed all the courses in the first two

semesters in their first attempt with a minimum CGPA of 8.5 shall be eligible for making an application for a change of Programme.

- (c) The students who have sought admission under PIO/Tuition Fee Waiver Scheme are not eligible for the Programme change.
- (d) Irrespective of Programme intake, there shall be a maximum number of only two students admitted in any discipline in the third semester through the Programme change rule.
- (e) Intending students eligible for a change of Programme shall apply for the same to the Office of Dean Academics of the Institute before the closing date notified at the beginning of the odd semester of each Academic Year.
- (f) Such students shall be required to indicate up to three Programmes, in order of preference to which they wish to change over, as the change shall be strictly based on their merit.
- (g) The change of Programme shall be permitted purely based on the merit of all the eligible applicants. The CGPA of students at the end of the second semester shall be considered for the ordering of the rank of applicants seeking a change of Programme and in the case of a tie, the MHCET ranks shall also be considered.
- (h) A "Provisional Merit List" will be displayed initially, inviting students grievances or withdrawal from the "Change of Programme" process.
- (i) After addressing student grievances and considering students who have withdrawn from this process, the "Final Merit List" will be displayed as per the notified schedule.
- (j) All the changes of Programme permitted for intending students as per the above clauses shall be effective from their third semester only and no further change of Programme shall be permitted after this.
- (k) All the "Changes of Programme" permitted at the time of display of "Final Merit List" shall be final and binding on the applicants and no student shall be permitted, under any circumstances, to refuse the change of Programme offered.
- (l) In UG Curriculum, the structure for E-Group and M-Group of First Year may be different. Hence, the Programme change facility after First Year shall ensure that if there are compromises on courses between E-Group and M-Group, then such courses, if any, shall be completed as audit courses in the 2nd year by the

respective students. For Example, in the case of 2019-22 curriculum for semester 1 and Semester 2 for E-Group and M-group, E-Group learns two additional courses on “Foundations of Mechanical Engineering” in Semester 1 and “Introduction to Scientific Computational Tools” in Semester 2 comparing with E-Group. M-Group learns an additional course on “Basic Electronics Engineering” in Semester 2. Hence, when a student receives a Programme change from M-Group to E-Group, the student shall be required to complete the two courses on “Foundations of Mechanical Engineering” and “Introduction to Scientific Computational Tools” in Semester 3 as Audit courses. Similarly, when a student receives a Programme change from E-Group to M-Group, the student shall be required to complete an additional course on “Basic Electronics Engineering” in Semester 3 as an Audit course.

19. Temporary Withdrawal
