SGPA is calculated based on the courses completed every semester. Similarly CGPA is calculated based on all the courses completed till that semester. Thus the CGPA is calculated on a scale of 10. **There is no Provision of Conversion of CGPA into Percentage of Marks.** However, for your purpose, you may treat the equivalence given by AICTE New Delhi as given in the below table as reference.

8.25	75
7.75	70
7.25	65
6.75	60
6.25	55

Based on above table, the following formula is proposed to convert CGPA into Equivalent Percentage and as per AICTE a minimum of 60% marks in aggregate or equivalent CGPA shall be considered equivalent to first class/division. This provision is applicable to the students admitted in first year from Academic Year of 2007-2008 to 2014-2015.
